

Police Department Incident Reports
DATASET INFORMATION WORKSHEET

DESCRIPTION

This dataset is incident reports recorded by Norfolk Police Department that occurred over the last five years. An incident is considered an event that has been reported to the Police; it does not necessarily indicate a crime has occurred. This dataset will enable citizens to search incidents by type, location, date and time of occurrence.

PURPOSE

Providing the public with incident reports that occurred over the last five years

KEYWORDS

Incident, police, offense, date, time
